### **EU RoHS Declaration of Conformity**

Finkelstein Metals Ltd. hereby declares that all brass products supplied by the company are in full compliance with the requirements of the EU RoHS Directive 2011/65/EU, including its applicable amendments:

- 2015/863/EU,
- 2018/741/EU

Our products have been evaluated against the list of restricted substances under the EU RoHS Directive (6 + 4 substances). They do not contain the restricted substances in concentrations exceeding the maximum allowable limits at the homogeneous material level, or they qualify for applicable exemptions as defined in Annex III of the Directive.

#### **RoHS Restricted Substances and Maximum Limits**

<b>Substances</b>	<b>Maximum Limit (ppm)</b>
Cadmium (Cd)	100
Lead (Pb)	1,000
Mercury (Hg)	1,000
Hexavalent Chromium (Cr VI)	1,000
Polybrominated Biphenyls (PBB)	1,000
Polybrominated Diphenyl Ethers (PBDE)	1,000
Bis(2-Ethylhexyl) phthalate (DEHP)	1,000
Benzyl butyl phthalate (BBP)	1,000
Dibutyl phthalate (DBP)	1,000
Diisobutyl phthalate (DIBP)	1,000

#### **Notes:**

1. The maximum concentration limits apply at the homogenous material level, except where specific exemptions are granted.
2. Lead metal (Pb) is used in some of our brass alloys at concentrations greater than 0,1% w/w. In accordance with RoHS Annex III, lead content up to 4% by weight in copper alloys is allowed under exemption 6(c).
